

Hosts Final Open House for Land Use Study

Thursday, October 24, 2024

5:30 PM—7:00 PM @ Clay Town Hall, 4401 NY-31, Clay, NY 13041

Help Shape the Future of Clay!

The Town of Clay has developed a Land Use Study to guide development for the next 10-15 years, including plans for three new mixed-use centers.

Public input has been essential, and this final open house is your chance to review the proposed Future Land Use Map and development renderings.

We invite all residents and stakeholders to participate actively in this planning process. We look forward to your participation and input!
